

# Prior Tournament Winnings and Averages

1. Have you qualified for a cash and/or merchandise prize of \$300 or more in a single event or in excess of \$500 in a tournament (including sweeper winnings) within the previous 12 months? This includes all tournaments that have ended prior to your participation in this tournament, even though the prize payment has not been received.

Yes       No

If "Yes," list name(s) of tournament(s), scores, position(s), and amount(s) won on reverse side.

(USBC Rule 319d allows tournament management the opportunity to adjust an entrant's average based on games bowled in previous tournaments where the entrant won \$300 or more in any event.)

2. During the past 12 months, have you bowled 21 or more tournament games?

Yes       No

If "Yes," was your average for all such tournament games higher by 15 or more pins than your entering average for this tournament?

Yes       No

If "Yes," you must use an adjusted average as calculated under Rule 319e procedures. The bowler assumes total responsibility for submission of corrected adjusted average. Failure to do so shall be cause for disqualification.

(USBC Rule 319e is an average adjustment rule that requires a bowler to change his/her entering average when his/her accumulative tournament average of 21 games or more is 15 pins higher within the previous 12 months.)
